

TECHNICAL DATA SHEET

Product Name: Aroma

Item Number: H202

Description: This product represents yet another evolution in room deodorizers. This breakthrough formulation contains all of the performance one might expect from an air freshener. Excellent bloom and suspension time. What is truly remarkable about the product is that it achieves the incredibly dry spray without using ozone depleters. A remarkable spray is not the only exciting thing about this new formulation. This product is an effective odor neutralizer but without a heavy fragrance. The fresh scent is ideal to use in offices, boardrooms, meeting halls, conference rooms, etc. The powerful deodorizers are especially effective against smoke odors such as post-fire clean up or where heavy cigarette or cigar smoking has occurred. The system quickly neutralizes malodors with industrial and institutional strength even on other problem odors such as decay, urine, feces, solvent, vomit, cooking, animal and more. When used as directed, this advanced formula will effectively freshen without staining or leaving a residue. Although versatile enough to use virtually anywhere, suggested uses include freshening rooms, fabric, drapes, bedspreads, carpet, auto interiors and air conditioners, closets, lockers, chests, shoes, luggage, showers, and garbage receptacles in hotel rooms, restaurants, hospitals, apartments, schools, nurseries, fitness centers, animal clinics and nursing homes.

Spill Or Leakage Procedures: Do not flush to sewer. Absorb with suitable material and dispose of according to local, state and federal regulations.
