

# TECHNICAL DATA SHEET

---

**Product Name:** Enviro 40 **Item Number:** H252

**Description:** Enviro 40 is a disinfectant, cleaner and sanitizer, designed for hospital and food processing use where housekeeping will be of prime importance in reducing the hazard of cross infection. Hard surface sanitation can help in this reduction and ENVIRO 40 can provide the assurance you need in this area, when used as directed.

**Applications:** For use in hospitals, schools, hotels, motels, restaurants, and offices. Excellent for sick-room or kitchens. Leaves areas clean and fresh smelling. For disinfecting a pre-cleaning step is required. When used as directed, this product demonstrates effective disinfections on pre-cleaned, hard, non-porous environmental surfaces against *Staphylococcus aureus*, *Salmonella choleraesuis*, and *Pseudomonas aeruginosa*, thus meeting requirements for hospital use. If used on food surfaces, surfaces must be scrubbed with a detergent and rinsed with potable water before reusing. Nonabrasive. Will not harm hard washable surfaces and hard non-porous surfaces.

**Directions:** Use at 15.6 ml per litre. This product will be effective against *Pseudomonas Aeruginosa* PRD-10 and the Viruses Adenovirus type 2, Herpes Simplex, Influenza A2 (Hong Kong) Virus and Vaccina Virus. This has been substantiated by the AOAC Use Dilution Method. At this level, the product is fungicidal against pathogenic fungi. To disinfect, use ENVIRO 40 with a cloth or mop and apply to walls and floors. For heavy soil or organic matter, a pre-cleaning step is recommended.

**FOOD PROCESSING EQUIPMENT:** If used on food equipment or food contact items, rinse with clear water of drinking quality.

**Caution: KEEP OUT OF REACH OF CHILDREN**

Avoid contact with skin, eyes or clothing. Harmful if swallowed. Avoid contamination of food. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. If swallowed, do not induce vomiting, drink large quantities of water or milk. Call a physician immediately. Contents under pressure. Do not puncture or incinerate container. Rinse empty container thoroughly with water and discard.

**Spill Or Leakage Procedures:** Do not flush product to sewer with water. Absorb with suitable medium. Incinerate or landfill according to local, state or federal regulations.

**Product Specifications:**

General Appearance: Green Liquid

Odour: Neutral

pH:8-9

Flammability: Not flammable
