

TECHNICAL DATA SHEET

Product Name: Freezer Kleen

Item Number: H334

Description: This concentrated, water-soluble detergent/degreaser is the most versatile industrial-grade product available. The product is formulated using powerful synthetic detergents, wetting agents and surfactants, emulsifiers, water miscible organic solvents and rinse additives. Pleasant fragrance.

Where to Use: Solutions made for this concentrate clean and degrease stubborn soils from concrete, metal, brick, rubber, plastic, enamel, ceramic, marble, vinyl, chrome and stainless steel with a minimum of effort. Works well in automatic scrubbing machines.

Directions: Freezer Cleaning: Apply full strength with mop or spray. Allow to work for 2-3 minutes. Scrub or brush heavily soiled areas. Remove cleaner using squeegee or tank vacuum. Use on both floors and walls. **Food Plant Cleansing:** Dilute concentrate according to soil conditions as shown below in general cleaning. After cleaning rinse all surfaces with hot clean water.

General Cleaning: Dilute with water to concentration desired for effective cleaning. Pressure Wash/Steam Cleaning 1:30; Machinery and Equipment 1:10; Bath and Shower Rooms 1:10; Meat, Poultry and Food Processing Plants 1:20; Concrete Floors 1:15; Wax Stripper 1:15; Lavatory Basins 1:30; Steel Files and Lockers 1:20. Apply with a sprayer, sponge, brush or steel wool. Agitate as required. Rinse thoroughly with water and allow to air dry. Wipe dry smooth surfaces. Note: Use with caution, product may attack aluminum.

WARNING: Eye and skin irritant. Avoid contact with skin and eyes. If eye contact occurs, flush with water for 15 minutes. If irritation persists, consult a physician. If skin contact occurs, remove contaminated clothing. Wash with soap and warm water. If irritation persists, consult a physician. Do not take internally. If swallowed, give 1 to 2 glasses of water and call a physician. **KEEP OUT OF REACH OF CHILDREN.**

Container Disposal: Triple rinse container. Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

Spill Or Leakage Procedures: Avoid eye or skin contact. Contain spill & carefully neutralize with acetic acid. Soak up in absorbent material & place in properly labeled non-leaking containers for proper disposal.

Product Specifications:

Colour: Green Opalescent

Odour: Butyl

Appearance: Clear Liquid

pH: 12.0 - 13.0

Flash Point: None
