

# TECHNICAL DATA SHEET

---

**Product Name:** Super Auto Clean

**Item Number:** H702

**Description:** A concentrated vehicle shampoo. Formulated without phosphates. Product is economical, versatile, and has good lubricity which aids in both hand and brush washing and will help prevent scratching. This highly concentrated formula consists of wetting agents, foam stabilizers, and rinse additives for effortless, streak-free cleaning of vehicle surfaces. The thick, rich suds cling to surfaces to remove dirt, grease, oil, road film, insects, bird droppings, exhaust film, and gasoline residue from cars, trucks, buses, mobile homes, pickups, boats, golf carts, travel trailers, recreational vehicles, campers, taxicabs, delivery trucks, and other types of vehicles. This product is highly concentrated and may be diluted up to 1:100 with water, yet is so safe it will not remove waxes or polishes. Product goes into solution rapidly at all dilutions and may be used with hot, cold, hard or soft water. Rinse additives enable product to rinse away completely and leave no soap film or detergent residue. Product may be applied through a pressure washer, hose attached sprayer, or by manual application.

**Directions:** Apply product to surface to be cleaned according to soil conditions. Agitate with automated system or soft brush or sponge if required. Rinse thoroughly. Best results are obtained if this procedure is done in a shaded area out of direct sunlight. No wiping or chamois required.

Recommended Dilutions:

Automated Wash System: 1:100 with water

Light Soil Conditions/Manual Application: 1:64 with water

Light Soil Conditions/Pressure Washer: 1:50 with water

Medium Soil Conditions/Manual Application: 1:32 with water

Medium Soil Conditions/Pressure Washer: 1:40 with water

Heavy Soil Conditions/Manual Application: 1:22 with water

Heavy Soil Conditions/Pressure Washer: 1:30 with water

**CAUTION:** Do not ingest. If this should occur, drink large volumes of water and seek medical attention. Keep container sealed when not in use to prevent contamination.

KEEP OUT OF REACH OF CHILDREN.

**Container Disposal:** Triple rinse container and discard according to local regulations.

Spill Or Leakage Procedures: Dilute with water & wash down the drain into the sewer system.

This product is rapidly biodegradable.

## **Product Specifications:**

Color: Red

Odour: Pleasant

pH: 7.5 - 8.5

Flash Point: None

Shelf Life: One year in a sealed container
