

TECHNICAL DATA SHEET

Product Name: Redi-Steam

Item Number: H824

Description: This product is a concentrated, low-foaming, carpet cleaning product for use with cold or hot water extraction machines or steam cleaning units. This product is formulated with wetting agents, water softeners, penetrants, detergents, and defoamers. The deep, penetrating action of this product will clean carpet pile of soil and detergent residues which cause compaction under foot traffic. The defoamer in the formulation helps to prevent over-foaming in the recovery tank of the cleaning equipment. High pH extractor shampoo. Not to be used on wool.

Where to Use: This multi-functional product is designed for cleaning of carpets, rugs and upholstery. Due to the complex nature of this product, it may be used to clean water-soluble soils such as dirt, coffee, cola and grass stains, as well as oil-based matter such as grease, oils and lipstick.

Directions: NOTE: Prior to use, always check an obscure area of surface to determine color fastness of fabric. Do not use on wool or velvet fibers. On stained or heavily soiled areas, pre-spot with a solution of product at a rate of 1 to 10. **Extraction Method:** Pre-dilute concentrate with water at a rate of 1 to 25 and add to solution tank of unit. Depending on pile thickness, one gallon of diluted product will clean 500 to 800 square feet of carpet. **Spray on Method:** Pre-dilute concentrate with water at a rate of 1 to 16. Use a pump-up type sprayer and mist the entire carpet with this solution. After area has been covered with product, extract with clear water using steam, hot or cold water.

WARNING: Eye and skin irritant. Contains sodium metasilicate. Avoid contact with skin and eyes. If eye contact occurs, flush with water for 15 minutes. Consult a physician. If skin contact occurs, remove contaminated clothing. Wash with soap and warm water. If irritation persists, consult a physician. KEEP OUT OF REACH OF CHILDREN.

Container Disposal: Triple rinse container and discard according to local regulations.

Spill Or Leakage Procedures: Do not drain into sewers or surface waters. Soak up in absorbent material & seal in properly labeled non-leaking containers for proper authorized hazardous waste disposal.

Product Specifications:

Color: Clear

Odor: Butyl

pH: 12.0 - 13.0

Flash Point: None
