

# TECHNICAL DATA SHEET

---

**Product Name: Snap 20**

**Item Number: H862**

**Description:** High gloss and high solids floor finish that is designed to give superior protection to floors. Stands up to black marks and scuffs while retaining durability and very high gloss. Made for the professional who needs a versatile product for all types of flooring. Suitable for all types of resilient flooring including cork, sealed wood, terrazzo and cement.

**Directions:** Initial Application: For best results, first application of this finish should be made on floors where all old wax has been removed. Strip floor and rinse thoroughly. When floor is dry, apply a semi-thin coat with a mop or applicator. Allow to dry and apply a second coat.

To Maintain: Dust-mop or sweep daily. Damp-mop as required. When traffic wear patterns develop, wet-mop with a mild detergent and water and recoat with a semi-thin coat. May be spray buffed with a 1:3 dilution using a non-abrasive floor pad. Use a cold water rinse after cleaning. When stripping becomes necessary, use an ammoniated cleaner diluted 8oz. cleaner to one gallon of water.

Suitable for all types of resilient floors as well as cork, sealed wood, terrazzo, cement , etc. Covers approximately 2,000 sq. ft. per gallon.

**CAUTION:** KEEP OUT OF REACH OF CHILDREN

May cause irritation to eyes and skin. If contact occurs wash skin or eyes with water. If swallowed drink plenty of water. In all cases obtain medical attention.
