

TECHNICAL DATA SHEET

Product Name: Non Acid Bowl Cleaner

Item Number: H920

Description: A heavy viscosity, non-acid, total bathroom cleaner that is safe on all surfaces. Actually cleans and polishes chrome fixtures. An alkaline pH, yet will remove up to one to two weeks build up. Removes soap scum, body oils, greases, light scale, and leaves bathroom sinks, tubs, toilets and floors clean and sparkling. Will not harm carpets or clothes if accidental contact occurs. Ideal for buildings where all fixtures are new. Excellent for removing white alkaline film and light water scale from terrazzo, marble, ceramic floors, glass windows, etc. After cleaning, a fresh lime fragrance remains to deodorize.

Directions: Spray or wipe on surface. Allow product to remain on surface for 3 to 5 minutes. Agitate surface with brush, cloth or sponge and rinse thoroughly. For heavy cleaning and deodorizing, such as for bowls and urinals or for mold and mildew removal, do not dilute cleaner. To clean oils, mineral deposits and soap scum from ceramic tiles, shower stalls, sinks and tubs, dilute one part product with three parts water. As a general purpose light-duty cleaner for floors, walls, chrome fixtures, stainless steel and water fountains, product can be diluted with water at a rate of one to ten.

WARNING: Eye and skin irritant. Contains sodium metasilicate. Avoid contact with skin and eyes. If eye contact occurs, flush with water for 15 minutes. Consult a physician. If skin contact occurs, wash with soap and warm water and rinse thoroughly with clear water. If irritation persists, consult a physician. Do not ingest. If ingested, do not induce vomiting. Drink large volumes of water and acidic fruit juice or vinegar and water solution. Consult physician. KEEP OUT OF REACH OF CHILDREN.

Container Disposal: Triple rinse container and discard according to local regulations.

Spill Or Leakage Procedures: Do not drain into sewers or surface waters. Soak up in absorbent material & seal in properly labeled non-leaking containers for proper authorized hazardous waste disposal.

Product Specifications:

Colour:	Light Blue
Odour:	Cherry
Appearance:	Clear
Viscosity:	Heavy Bodied
pH:	9.0-10.0
